

The story behind "Barn Quilts of Neversink"

"BARN QUILTS OF NEVERSINK" is a project of Neversink Renaissance — a beautification and community development program principally funded by Sullivan Renaissance and the Gerry Foundation.

Since its inception in the fall of 2006, the "Barn Quilts" concept has yielded over 75 barn quilts which have been placed on historic barns, outbuildings, freestanding displays and area businesses in the Town of Neversink. The colorful 8x8- and 4x4-foot quilt panels were designed and painted by local volunteers and barn owners. Our thanks to the hundreds of local residents whose pride in their community and spirit of volunteerism can be seen across the Township.

Grahamsville and Neversink are less than two hours north of New York City in the southern foothills of New York State's Catskill Park near the Rondout and Neversink reservoirs.
