

Can You Help Us Build It?

An exciting new project re-creating a **Lost Catskill Farm**

Recreating a farm lost to the building of the reservoirs preserves the story of the losses and celebrates the simple life farming families lived.

Ten farm buildings from the pre-reservoir era are being re-located to the hill behind the Museum.

A large collection of farm equipment, tools and artifacts will complete the **Lost Catskill Farm**.

Buildings include: a shop, outhouse, shed, farmhouse, sawmill, barn, hen house, granary, smoke house, milk house and electric plant.

The farm family story will come to life with the use of mobile technology, stationary and hands-on activities.

The Catskill Farm will also give visitors a glimpse into how farmers today continue to protect the watershed.
